Note regarding accommodation. You will have to find and book accommodation on your own. We suggest some options:

- **Estudios Aranzazu:** apart-hotels offer interesting rates with kitchen and flats/apartments which can be shared by several participants.
- **Airbnb:** on-line platform which can be used to book one room or the entire apartment.
- **Housing of Universidad de Cantabria:** the housing service of the University can also be helpful when looking for accommodation in a shared flat for a short stay.
